

Under Foot for Every Outdoor Adventure

When living life outdoors, leave the mud outside.

While camping or RV'ing, you don't want dirt or mud tracked into your living quarters. It is better left outside. You also don't want an outdoor carpet that collects dirt or mildew. What you need is a mat that can be set up quickly, won't soil over time, and can be cleaned easily after every use—introducing **Quic-Mat**.

Made of lightweight panels that fit together with a snap, a **Quic-Mat** is the best solution for all of your outdoor flooring needs. The polypropylene plastic panels bend easily, conforming to the outdoor space around you, are UV protected, so they won't fade or become brittle, and the nonporous surface is easy to clean with just a spray of water.

Whether your **Quic-Mat** is set out in front of your tent, used to create an outdoor living space in front of your RV, placed for easy clean up under your gardening area, or put together for an outdoor recreational workspace, **Quic-Mats** are incredibly durable and will last for years of outdoor fun.

Quic-Mat INFO

Each **Quic-Mat** includes 50 panels of plastic flooring, 40 pieces of black contrasted ADA-compliant ramp edging, one small mesh bag (for edges), and one large, easy-to-carry duffle backpack.

Quic-Mat flooring is 100% recyclable.

*Static load, solid sub-surface. Varies depending on sub-surface.

Under Foot for Every Outdoor Adventure

Snap together multiple **Quic-Mats** for increased coverage.

Each **Quic-Mat** pack contains 29.5 square feet of flooring, weighs only 30 pounds, and comes in a convenient and easy-to-carry duffle backpack. Each pack also includes enough ADA-compliant ramp edging to cover all four sides of the **Quic-Mat**.

One **Quic-Mat** is perfect for single-person use, or many **Quic-Mats** can be combined to create a larger outdoor living space. Need 100 square feet or more? Contact one of our **Quic-Mat** Customer Service managers to purchase **Quic-Mat** panels by the square foot.

Coordinate colors with your outdoor needs.

Each **Quic-Mat** comes in camo green with black edging to blend into its surroundings, making it perfect for hunters and outdoor enthusiasts everywhere. Not a camo fan? Cool gray is also available. It will work well on your next RV trip, will come in handy at the beach, or it will even look good in your home or garage.

CAMPING OR ACTIVITIES ON THE ROAD

OUTDOOR OR INDOOR ACTIVITIES AT HOME

Quic-Mat Highlights

- Lightweight panels snap together quickly and unclip easily without any special tools.
- 29.5 square feet of panels, plus edging, fit conveniently within a backpack duffle – each pack weighs only 30 pounds.
- Nonporous plastic panels can be sprayed clean with a hose, dry quickly and won't mildew.
- Each **Quic-Mat** creates a flat surface, even if used on uneven ground like sand, dirt or grass.
- Individual panels allow sunlight and water to pass through, reducing damage to grass below.
- Polypropylene plastic is 100% recyclable, is designed to bend, and, with UV protection, won't fade or become brittle.
- Product durability and quality are backed by a U.S. company that has been manufacturing plastic components for over 25 years.
