

MacroLid® 44 - Air & Watertight Lid

MacroLid 44 - Air & Watertight Lid fits securely and interlocks with the bin feet above when stacked between bins, thus creating a safe and stable stack during transportation and storage.*

Components

MacroLid 44 - Air & Watertight Lid

Hybrid 44 Bin

Features & Benefits

- ⇒ **Interlocking design and solid construction** allows the Hybrid 44 bin with the MacroLid 44 to be stacked with greater stability.
- ⇒ **Air-tight seal** prevents entry or exit of air and liquids, making for ideal storage conditions
- ⇒ **Injection-molded, high-impact plastic** stands up to heavy day-to-day use, season after season. The molded plastic resists warping unlike other processed lids.
- ⇒ **Easy-to-store** MacroLids nest within one another when not being used. The need for dunnage is eliminated and storage efficiency is increased.
- ⇒ **Easy-to-sanitize** MacroBins keep cleaning costs to a minimum. A high-pressure wash removes most debris; a nonabrasive brush can dislodge any remaining items.
- ⇒ **Nonporous surfaces** won't absorb water or dehydrate your product, thus the MacroLids maintain a constant tare weight throughout their use.
- ⇒ **FDA-approved materials** are certified safe for use with food products.

Specifications

Closing:	Easy-to-use patented clips system
Sealing:	Tightness ensured by silicon seal
Tare Weight:	13.2 lbs (6 kg)
Material:	ABS
Approval:	FDA - regulated material
External Dimensions	48" (L) x 44" (W) x 2 1/3" (H) 1,219 mm (L) x 1,118 mm (W) x 58 mm (H)
Additional Information:	Washable 2 septums for gas sampling Suitable to store acidic products

MacroLid 44 - Air & Watertight Lid

Disassembles for efficient shipping. 40"=180 bins

Notes: Dimensions assume tolerance of 1/4". Volume capacities assume tolerance of 5% and tare weights assume a tolerance of 4% unless noted otherwise. Ambient temperature approximately equal to 75° F. Data is subject to change. Please visit www.macroplastics.com for the most current specifications.

Please refer to the appropriate User Guide for information on the safe transportation, stacking and handling of Macro Plastics products. The User Guides in PDF format are available online at www.macroplastics.com or call us at 1-800-845-6555.
